THE EVENING WORLD will offer a choice of two prizes for competition among the lodges, clubs, assemblies, councils and other civic organizations.

But one organizations might prefer The EVENING WORLD Hanner, while a fine piano for the club or lodge room would be more appreciated by another.

THE EVENING WORLD will give in this contest an elegant stand of colors or banner, richly embroidered and made by the well-known firm of Grumbach & Grote, of 125 Hudson street, this city. The finest silk will be used, and the embroidering will take from six to eight weeks to do.

The other prize which may be chosen in place of the colors is an \$800 Weber piano, overstrung scale, three strings, patent action, and may be had in rosewood, walnut, makingsany or ebony, at option of winner. The fact that it is manufactured by Weber guarantees that it is first-class in every respect.

The wipner of the prize will be determined Mrs. Wolstenholme Elmy, a member of the Women's Franchise League of London, is a charming old lady who calls herself an respect.

Voters are again reminded to cut out their ballots so that each one will bear the banner printed over it. They are also requested not to fold their ballots.

A number of counterfeit ballots have been received at this office. Of course they will not be counted.
